7. Following the Executive Committee Meeting on 7 January, I asked [REDACTED] to set up a meeting with representatives from each DD/S Office to come up with a list of interesting topics, activities, or programs which we may use to brief our Congressional Committees. These topics would serve to illustrate types of Agency activities which would be of interest to our Congressmen.

8. Following a conversation with Mr. Helms, I directed [REDACTED] to contact Mrs. Helms and go over her medical bills to determine which of these apply to our hospitalization program. This was considered to be the easiest way to handle this rather than go through a long correspondence and justification discussion.
